VERANDA

DESIGNER COLLECTION

Two Story 1,728 sq.ft. **3 bdrm** **2 bath**

With an abundant wrap around porch, the aptly named Veranda plan is a unique two-story design that fits a lot into a small package.

Upon entering the home, you are greeted by the family room and open kitchen and dinette areas. A bedroom, located behind the kitchen, is the perfect space for a master suite. The entry stairs lead up to a loft and two additional bedrooms that have access to large, shared, bath.

Though this plan does not include a garage, one may be optionally added on the laundry room side or a detached garage can be added as well.
