WALNUT CREEK

DESIGNER COLLECTION

Two Story 2,716 sq.ft. **5 bdrm** **2.5 bath**

Three distinct roof lines play perfectly together in this unique Farmhouse. The square awning windows on the second floor along with the open cupola provide plenty of natural light and ventilation. A standing seam metal shed roof with supporting craftsman brackets frame the classic front entry door.

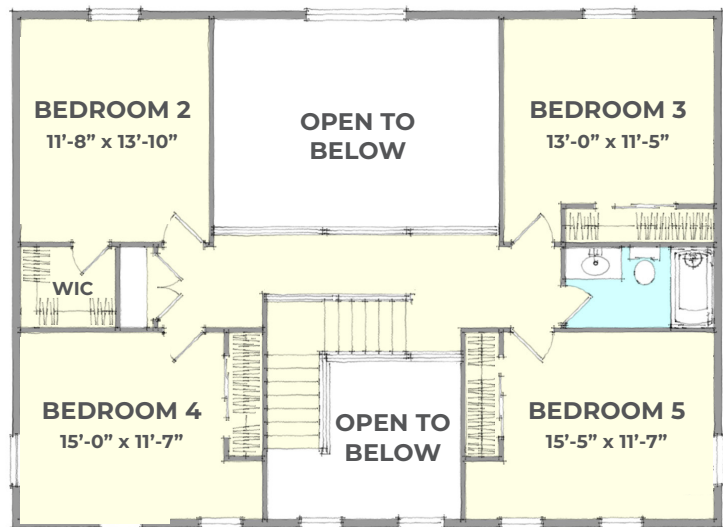

All these elements enclose a popular open floor plan with two story ceilings. The Walnut Creek includes a generous kitchen with a walk-in pantry, large laundry, mudroom and a first-floor master suite with four bedrooms on the second floor. There is plenty of space for everyone in this 2,716 square foot floor plan!
